WE desire to call the attention of our friends and the buyers of Dry Goods throughout the West and South-west, to our attractions for the full sales of the present Our business is now so well organized and arranges, that

we are better able than ever before, to supply the trade with a large and attractive stock. Our Own Importations will supply our For eign Department with all the new and desirable fabries from the European markets—selected by one of the house, resident in Europe-and will be particularly adapted to our Our Domestic and Siaple Goods Departments will be sup-

plied with all the leading styles of Goods.

It is, we believe, an acknowledged fact that our Stock has always been one of the largest and most attractive in this country, and we also believe that the best buyers have be-come convinced that our system of SHORT PROFITS AND PROMPT PAY is the most satisfactory. We invite the attention of all close buyers to our Large and Attractive Stock, but with the distinct

derstanding that we sell goods only for cash, or good notes payable in all cases at Bank.
We shall from this date forward, adopt a new plan in con nection with our Domestic Goods Department. We shall keep a full and complete assortment of Breached, Brown and Colored Cotton Goods, which will be sold only for nett Cash. Our object in this is to supply those Goods as fore as they are sold by each houses in the Northern cities. In order to test this feature of our business, we only ask a comparison of cash prices with time prices, and then we

will leave the decision to the purchaser, From the three years' experience since the establishment of our business, we are enabled the more colidently to in attention to our stock and plans for business, believing that we offer inducements second to no House in this coun July 1, 1855. L. SHANKS, M. D., Prof. Obst. Memphis Med. College,

From the Hon. David Dale Owen, U. S. Geologist. NEW HARMONY, March 28, 1854. Mr. J. H. SERMONS—Sir: Having examined your specta-cles constructed of concave convex Brazilian Publics, I take pleasure in testifying to their advantages over the ordinary glass spectacles. Their superior bardness prevents them being defected by scratches, the peculiar manner in which they are ground and polished, together with their transparency, obviates the strain usually experienced in wearing glasses, and their coolness especially recommends them to those having weak, irritable eyes.

THE MOST WONDERFUL Discovery of the Age. I'IIIS remarkable preparation contains no alcoholic stim ulent, no essential oil, nor one unhealthy drug. It does not color the hair, but acts upon the secretions and secretive organs, so as to supply the former with the necessary coloring matter, and upon the latter, so as to completely store their impaired or lost functions. All this the prope tor has a right to say, for it has done all this for him the age of thirty-seven he was as gray as the man of sevbundant crop, and no person would ever imagine that he though it had been recently oiled. This is not an isolated case; it has done the same for many others, as the following certificates abundantly prove.

Sr. Paul, Jan. 1, 1855 Prof. O. J. Wood-Dear Sir: Unsolicited 1 send you this eriffeste. After being nearly baid for a lone time, and aving tried all the hair restoratives extant, and having no trial. I placed myself in the hands of a barber and had my head rubbed with a good stiff brush, and the Res hen applied and well rubbed in till the scalp was all a glow. This I repeated every morning, and in three weeks the young hair appeared, and grew rapidly from August last up to the present time, and is now black, thick and strong-soft and pleasant to the touch, whereas before it was harand wiry, what little there was of it, and that little was dis appearing very rapidly. I still use your Restorative about wice a week, and shall soon have a good and perfect cross hair. Now I have read of these things-and who ha ot?-but have never hitherto seen any case in which any erson's hair was really benefitted by the aid of the hair onics, &c., of the day; and it really gives me pleasure to ecord the result of my experience. I have recommended four preparation to others, and it already has a large and ceneral sale throughout the Territory. The people here saw is effects and have confidence in it. All who have used it here will coincide with me in what I have written. The supply you sent us as the wholesale agents of the Territory is already exhausted, and daily inquiries are made for it.— You deserve credit for your discovery. I, for one, return you my thanks for the benefit it has done me, for I certainly had despaired long, long ago of ever effecting any such re-

is already made.

Prof. Wood-Dear Sir: Having made trial of your Hali Restorative, if gives me peasure to ray that its effect has been excellent in removing inflammation, daudruff and a constant tendency to itching, with which I have been troub led from childhood, and has also restored my hair, which was becoming gray, to its original color. I have used no other article with anything fike the same pleasure and profit. Yours, truly.

Dear Sir: I am doing an extensive travel in the Western and Southwestern States, as General Agent for Adams' American Linimsot, and would be glad if you would favor me with a consignment of Prot. Wood's Hair Restorestive, as I feel assured that I can introduce it in many places where t is not known, as my own head in a living testimony of its valuable properties, in restoring hair to its natural color.— I am firty years old, and my hair was almost white, but af-ter using three half-pint bottles, my hair is as b aunthi auburn as it was at eighteen, and much improved in appearance, and I would not be without a bettle on hand for the price of ten. I should be g'ad to attend to any matter that is connected with the Hair Restorative. I have been for thirte-n years engaged in the same business, and will be glad to hear from you soon. FOR ALL THE PURPOSES OF A

FAMILY PHYSIC.

There has long existed a public demand for an effective purgative pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical pill, but not easy to make the best of all pills - one which should have none of the objections, but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for patient hitherto that almost every pargative medicine is acrimonious and irritating to the bow-els. This is not. Many of them produce so much griping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These pills produce no irritation or pain, unless it arise from a previously existing obstruction or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any quantity; but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the complaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languer and Loss of Appetite, Listlessness, Irritability, Bilious Headache, Bilious Fever, Fever and Ague, Pain in the Side and Loins; for, in truth, all these are but the consequence of diseased action in the liver. As an aperient they afford prompt and sure relief in Costiveness, Piles, Colic, Dysentery, Humers, Scrofula and Scurvy, Colds with soreness of the body, Uleers and impurity of the blood; in short, any and every case where a purgative is required.

They have also produced some singularly successful cures in Rheumatism, Gout, Dropsy, Gravel, Erysipelus, Palpitation of the Heart, Pains in the Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons An occasional dose stimulates the stomach and bowels into health; action, and restores the appetite and vigor. They purify the blood, and, by their stimulant action on the circulatory system, reno vate the strength of the body, and restore the wasted or diseased energies of the whole organism Hence an occasional dose is advantageous, even though no serious derangement exists; necessary dosing should never be carried too far, as every purgative medicine reduces the strength, when taken to excess. The thousand cases in which a physic is required cannot be enumerated here, but they suggest themselves to the reason of body; and it is confidently believed this pill will answer a better purpose than any thing which has hitherto been available to mankind. When their virtues are once known, the public will no longer doubt what remedy to employ when in need of a eathartic medicine. Being sugar-wrapped they are pleasant to take, and being purely vegetable, na harm can arise from their use in any quantity. For minute directions see wrapper on the Box

-AYER'S CHERRY PECTORAL,

For the rapid Cure of COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION. This remedy has won for itself such netoriety

from its cures of every variety of pulmonary disease, that it is entirely unnecessary to recount the evidences of its virtues in any community where it has been employed. So wide is the field of its usefulness, and so numerous the cases of its cures, that almost every section of the country abounds in persons publicly known, who have been restored from alarming and een desperate diseases of the lungs by its use. When once tried its superiority over every other medicine of its kind is to rent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs which are incident to our climate. And not only in formidable attacks upon the lungs, but for the milder varieties of Colds, Coughs, Hoanseness, &c.; and for CHILDREN it is the pleasantest and safest medicine that pun be obtained

As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the beat that it ever has been, and that the genuine article is sold by -BERRY & DEMOVILLE, Wholesale, Nashville, and Re-tall by BROWN & GRUBBS, Nashville; and sold by all dealers in medicine in every town in Tennessee. 1y9-dminstriouwaw
